COLOUR

How many colours can I create?

Vocabulary

Primary Colours - 3 colours which are needed to make all colours in the colour wheel

Secondary Colours - A colour made from mixing 2 primary colours

Warm Colours - Colours which create warmth and brightness

Cool Colours - Colours which create calm and cool feelings

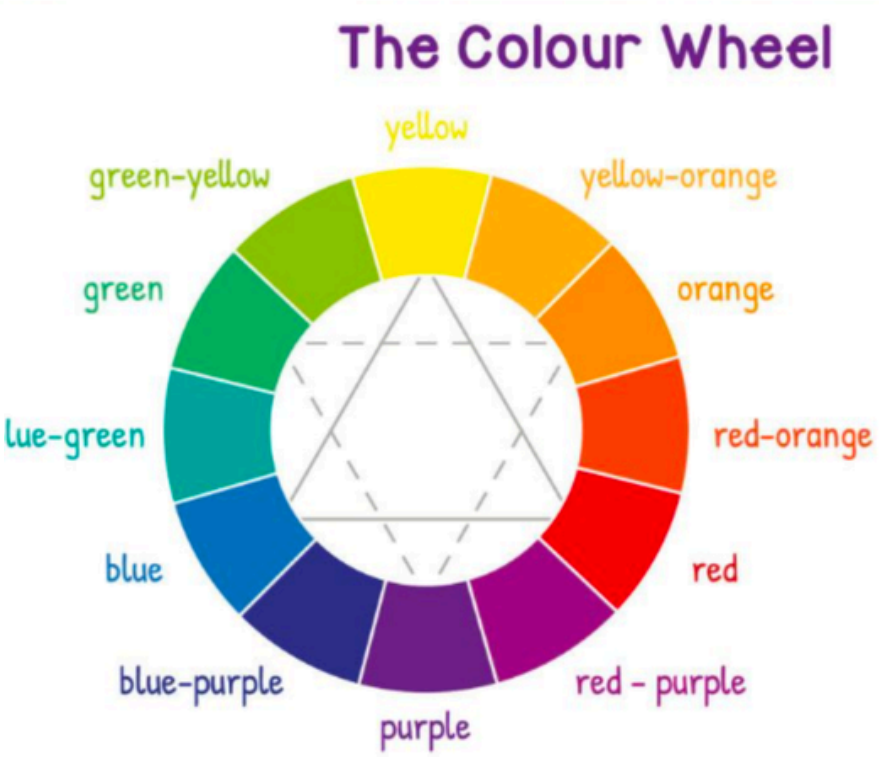

Expressionism - Where an artist tries to make someone feel a certain way with the colours they are using

Castle in the Sun by Paul Klee
Painting using warm colours.

Starry Night by Van Gogh
Painting using cool colours.

PRIMARY	SECONDARY
yellow	orange
red	purple
blue	green
