Dear Parents and Carers,

A warm welcome to the Nourish family!

We are delighted to introduce Nourish Contract Catering as your new school catering provider. We know a good lunch makes a big difference to a child's day, and we look forward to making lunchtime a happy, welcoming, and tasty experience.

Since 2003, Nourish Contract Catering has been bringing freshly prepared food to school communities. Our approach is shaped by four pillars that sit at the heart of the Nourish family:

Food First – Preparing fresh, nutritious meals that children enjoy, with menus that balance familiar favourites and new flavours, meet the School Food Standards and use seasonal ingredients wherever possible.

Customer – Getting to know your school community and listening to children, parents and staff. Your feedback helps us develop a service that works for you.

Family Led – Putting people and relationships at the heart of our approach, supporting our catering teams and working closely with your school so children see friendly faces who care about their lunchtime experience.

Responsible – Taking care in how we source, prepare and serve our food, supporting individual dietary needs and finding ways to reduce waste and care for the environment.

There will be plenty to look forward to, from colourful menus and themed lunches to food activities that encourage children to explore new tastes. Our mascots, Chef Nourish and Gardener Nourish, may also make an appearance!

We understand that starting a new meal service can bring questions, particularly if your child has an allergy or special dietary requirement. Please let the school know before your child begins taking meals so we can work together to discuss their needs and agree suitable arrangements.

Menus and further details will be shared before we begin. We look forward to meeting your children, hearing their ideas and helping them build a positive relationship with food.

Warm wishes,

The Nourish Team
